

AUTOBAN ARCHITECTS

Turkey

Internationally renowned, Istanbul-based multidisciplinary design studio Autoban was founded in 2003 by Seyhan Özdemir and Sefer Çağlar, and later joined by Efe Aydar. Now employing 40 staff, Autoban works across architecture and interiors, product and experiential design, forging a reputation for thoughtfulness, experimentation and craftsmanship. Approaching each project initially as storytellers, their work seeks to understand the character and context of each project.

PIET BOON

Netherlands

Since Piet Boon founded his eponymous design studio more than 30 years ago, the Dutch designer and master craftsman has created his own iconic furniture and interiors. Together with a creative director Karin Meyn, Piet leads his own team of designers, interior designers, and architects completing projects around the world for a constantly growing group of clients. Those who wonder how Piet Boon succeeded to break through as a top designer not only in the Netherlands but also internationally, one look at his collection of furniture and home designs will provide the answer.
