## DESIGN FOREVER

Curated by Calvi Brambilla for Elle Decor Italia in Palazzo Bovara in Corso Venezia 51, the exhibition was a tribute to Salone's sixtieth anniversary. The hybrid room is furnished by the Ferro table and Brina stool designed by Piero Lissoni for Porro along with the Gentle chair designed by Front.

# DECORATION NEWS

## 1 MOMENTI

In addition to a renewed collaboration with artists and designers, the Italian custom design company showcased Luxury Fiber, a new decorative technical fabric in fibreglass with gold and silver-like filigree. Lolita light collection and sound-absorbing panels in glass wool completed the appeal of the space. The range is available in India through Ottimo.

## 2 PIET BOON

Demonstrating a fluid transition between life inside and outside, the renewed furniture collection presents a stunning contrast of light and dark tones. The open plan booth displayed the DISC heater with the technical core of Heatsail combined with the aesthetics of Studio Piet Boon.

## 3 AXOR

The brand introduced groundbreaking innovations for the bathroom and kitchen segment with water-saving faucets and showers, as well as colour trends in the bathroom. It shows its design icons in artistically and creatively designed mini worlds that reflect the personality of the faucets.

## 4 DOOQ

Launching a new collection comprising retro vibes mixed with natural textures and tones, the brand created an eclectic fusion of elements that complement each other. With a contrast of smooth and rough surfaces, the Braque side table shows a fragmented form.
