DURABLE LEATHERS D

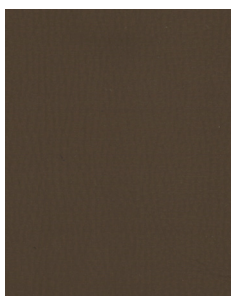

DESCRIPTION

DURABLE CAN BE DESCRIBED AS A POLISHED AND PIGMENTED LEATHER TYPE. ITS NATURAL-LOOKING PRINT ENSURES OPTIMAL YIELD, AND THE POLISHING PROCESS MINIMIZES VISIBLE CHARACTERISTICS, RESULTING IN A CONSISTENTLY EVEN MATERIAL. THIS MAKES IT HIGHLY SUITABLE FOR INTENSIVE USE IN BOTH COMMERCIAL AND RESIDENTIAL PROJECTS. THE LEATHER IS FINISHED WITH A DIRT-REPELLENT LAYER.

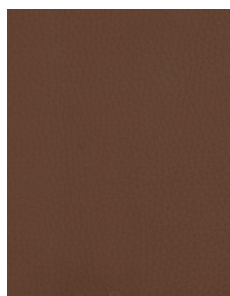

FIRE RESISTANCE: UNE EN 1021-1&2, CALIFORNIA TECHNICAL BULLETIN 117-2013, IMO MSC.307 (88) ANNEX 1 PART 8

LUXURY LEATHERS D

DESCRIPTION

INTRODUCING “LUXURY” FOR NATURAL NUBUCK LEATHER ENTHUSIASTS. OUR EXPERTS AT THE TANNERY PRESERVE THIS ANILINE CALF LEATHER IN ITS PUREST FORM. AFTER TANNING WITH CHROMIUM SALTS, THE LEATHER IS DYED WITH ANILINE DYES IN THE BARREL. THROUGH SPECIALIST PROCESSING, IT BECOMES A FULLY-FLEDGED NUBUCK, ENRICHED WITH OILS AND WAXES FOR A DISTINCTIVE LOOK AND FEEL, SHOWCASING COLOUR NUANCES DUE TO TRANSPARENT PROCESSING.

PROPER CARE IS ESSENTIAL FOR THE OPEN STRUCTURE OF LUXURY. KEEP THE LEATHER’S PORES DUST-FREE WITH REGULAR DUSTING USING OUR CLEANING GLOVE. TO PROTECT IT FROM EARLY FADING AND DIRT PENETRATION, WE RECOMMEND IMPREGNATING IT WITH KERALUX® PROTECTION SPRAY, WHICH INCLUDES SUN PROTECTION. FOR FURTHER CARE, USE THE SPECIAL KERALUX® PRODUCTS TWICE A YEAR.

NUBUCK LEATHERS

DESCRIPTION

GORGEOUS THICK NUBUCK WITH AN ELEGANT GRAIN PATTERN. THIS ANILINE LEATHER IS LIGHTLY SANDED ON THE HAIR SIDE OF THE HIDE, RESULTING IN A RUGGED YET VELVETY SOFT SURFACE. A DISTINCTIVE FEATURE OF COLLECTION NUBUCK IS THE BEAUTIFUL WRITING EFFECT, WHICH CREATES A SUEDE-LIKE APPEARANCE. HOWEVER, IT'S ESSENTIAL TO EMBRACE AND INCORPORATE THE NATURAL CHARACTERISTICS OF THE LEATHER. DURING TANNING, THE LEATHER IS TREATED WITH A MOISTURE AND DIRT-REPELLENT PRODUCT, BUT NUBUCK WILL EVOLVE WITH THE END-USER AS IT IS USED.

RHINO LEATHERS R

DESCRIPTION

RHINO LEATHER IS CRAFTED FROM SOUTH GERMAN BULLHIDES KNOWN FOR THEIR ROBUST GRAIN STRUCTURE. THE LEATHER UNDERGOES A SANDING PROCESS BEFORE RECEIVING A WAX COATING, WHICH GIVES RISE TO A DISTINCTIVE TWO-TONE EFFECT. OVER TIME, THE LEATHER DEVELOPS A UNIQUE PATINA, ENHANCING ITS CHARACTER AND CHARM.

SAVANNA LEATHERS S

DESCRIPTION

‘SADDLE’ LEATHER IS A BROAD TERM USED FOR ALL TYPES OF LEATHER FINISHED WITH A WAX LAYER, WHICH SERVES AS THE SOLE PROTECTIVE COATING. YOU CAN IDENTIFY SADDLE LEATHER BY GENTLY RUNNING YOUR NAILS ACROSS THE SURFACE, LEAVING SMALL SCRATCHES. HOWEVER, THERE’S NO NEED TO WORRY, AS WELL-MAINTAINED LEATHER WILL HAVE THESE SCRATCHES ABSORBED INTO THE PROTECTIVE WAX LAYER.

THE MAINTENANCE OF THIS TYPE OF LEATHER SPEAKS FOR ITSELF: REPLENISH THE WAX LAYER IN TIME. TYPICAL OF THIS TYPE OF LEATHER ARE DISCOLORATION DUE TO DEHYDRATION OR THE LACK OF MAINTENANCE.

TOUCH LEATHERS

DESCRIPTION

IN TOUCH LEATHER, THE UPPERMOST LAYER OF THE SKIN UNDERGOES A PARTIAL GRINDING PROCESS, RESULTING IN THE CREATION OF EXCEPTIONALLY HIGH-QUALITY NUBUCK LEATHER. THIS UNIQUE TECHNIQUE REVEALS MAGNIFICENT SHADES DEPENDING ON THE DIRECTION OF THE FIBERS. THE LEATHER IS INTENTIONALLY PRESERVED IN ITS NATURAL STATE, MAKING THE COLOURS TRANSPARENT AND THE TEXTURE WARM AND SMOOTH.

TO MAINTAIN AND PROTECT THIS LUXURIOUS LEATHER, WE RECOMMEND APPLYING KERALUX® PROTECTION SPRAY AT LEAST TWICE A YEAR. IN BETWEEN TREATMENTS, YOU CAN EASILY KEEP THE LEATHER DUST-FREE USING THE PROVIDED CLEANING GLOVE. FOR MINOR CLEANING AND STAIN REMOVAL, THE KERALUX® NUBUCK CLOTH IS PERFECT FOR BRUSHING UP THE FIBERS AND RESTORING THE LEATHER'S PRISTINE APPEARANCE.

TUNDRA LEATHERS

DESCRIPTION

TUDRA IS AN ANILINE LEATHER TYPE TREATED WITH A SPECIAL WAX ON ITS SURFACE, CRAFTED FROM THE FINEST COWHIDES. THE COMBINATION OF TWO NATURAL PRODUCTS, COWHIDE, AND BEESWAX, CREATES A TRULY EXCEPTIONAL LEATHER. EMPHASIZING THE BEAUTY OF NATURE, NATURAL FEATURES ARE EMBRACED AND CELEBRATED AS AN ADDITIONAL CHARACTERISTIC. THESE INHERENT TRAITS ARE MEANT TO BE VISIBLY INCORPORATED, ENHANCING THE LEATHER'S APPEAL. IT IS A STUNNING LEATHER, ALBEIT WITH SPECIFIC CARE INSTRUCTIONS. ONE DEFINING FEATURE OF THIS ANILINE LEATHER IS THE POTENTIAL COLOUR VARIATION WITHIN A BATCH OR EVEN FROM ONE HIDE TO ANOTHER.

FIRE RESISTANCE: DIN EN 1021 PART I + II.

STONE WASH LEATHERS

DESCRIPTION

EXPERIENCE THE PUREST FORM OF LEATHER, RADIATING WARMTH AND A UNIQUE ALLURE. EACH SKIN BEARS ITS OWN TALE, REVEALING THE ANIMAL'S LIFE THROUGH HEALED WOUNDS, INSECT BITES, AND THE PATTERNS OF VEINS AND DUNG. TANNERS SKILLFULLY CREATE A MASTERPIECE WITH STONEWASHED LEATHER, PRESERVING ITS NATURAL ESSENCE. THE TRANSPARENT COLOURS MAINTAIN ITS OPEN CHARACTER, PROVIDING A WARM AND SMOOTH FEEL WITHOUT ANY PIGMENT LAYER. TO HEIGHTEN THIS EXPERIENCE, A TRANSPARENT WAX LAYER IS APPLIED. FOR THE LEATHER'S PROTECTION AND CARE, TREAT IT TWICE A YEAR WITH KERALUX® CARE SET S FOR SADDLE LEATHER. IN THE INTERIM, USE THE CLEANING GLOVE TO KEEP IT DUST-FREE AND MAINTAIN ITS BEAUTY.
